#### A Demographics for HCBS Waiver Recipients

DIDD SERVICE CENSUS\*
39 Total receiving DIDD funded services

#### Data Source

The source of this data is CS Tracking. "Monthly active participants" indicates the # of active cost plans for the last day of the reporting month. The "Unduplicated waiver participants" is a calendar year count of total waiver participants from Jan 1 to the last day of the reporting month. It refers to 1915c HCBS Waiver application(s) which state that DIDD has specified as unduplicated participants as the "maximum number of waiver participants who are served in each year that the waiver is in effect."

#### A Waiver Enrollment Report

Data Source:

The figures represented in this section are pulled directly from the Community Services Tracking system. Enrollment figures may be updated monthly as there is a 2 month window of time in which enrollments are entered into the CST system. Disenrollment data is also based on queries pulled from CST and may also have a window of adjustment for data entry.

## D <u>Protection From Harm/ Complaint Resolution</u> Data Source:

Each Regional Office inputs all complaints information into COSMOS as each complaint is received. Every month a data report is generated which includes Complaint Information captured by each complaint type and the source of each complaint. The data will be presented by waiver instead of by region.

Analysis:		

#### CUSTOMER FOCUSED SERVICES ANALYSIS FOR March 2016 Report.

There were 15 complaint issues statewide. This is a decrease of 8 from previous month. There were ZERO SD Waiver complaints. There were ZERO CAC waiver complaints. There were 15 Statewide Waiver complaints. The issues were Financial, Human Rights and Staffing related. These issues were resolved without intervention meetings. There were 71 complaint issues between families, people we support and providers which required Advocacy intervention activities. This is a decrease of 8 from February 2016. The most common intervention issues are resolved when there is a face to face meeting with all involved and solutions are sought in a person centered manner. All 15 complaints this month were resolved within 30 days for 100% compliance.

THE MAIN COMPLAINT ISSUES involved staffing, financial, transition and Human Rights issues. These complaints involved complainants being unhappy with providers who did not involve them in their decisions or untrained staff or poor levels of supervision. Most interventions were held due to ongoing communication issues between Conservators and Provider agencies. CFS also resolves issues that arise from the People Talking to People surveys.

FOCUS GROUPS WERE HELD IN KNOXVILLE, MEMPHIS, GREENEVILLE AND JACKSON PARTICIPATION NUMBERS ARE VERY HIGH IN ALL LOCATIONS. This month each group is working on PCP usage as well as self-advocacy and developing coping skills. There is great team building with providers, staff, regional office staff, Behavioral analysts, ISCs and a few family members

### D Protection From Harm/Incident Management

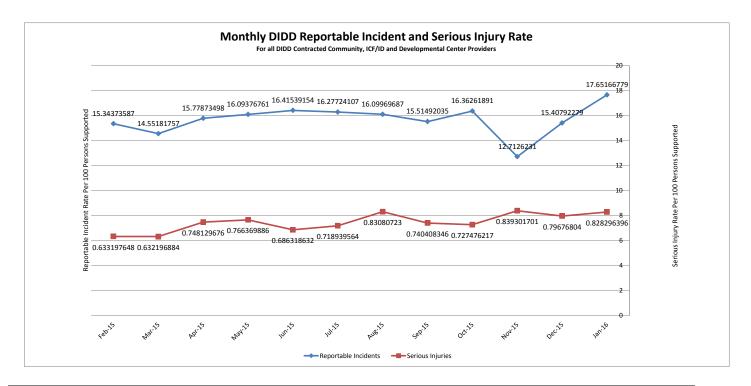

#### **Data Source:**

The Incident Management information in this report is now based on the total D.I.D.D. Community Protection From Harm census, which is all D.I.D.D. service recipients in the community and all private ICF/MR service recipients who are currently required to report incidents to D.I.D.D.

Through August 2009, only the West Region private ICF/MR providers were required to report. As of September 2009, the East Region ICF/MR providers were also required to report incidents to D.I.D.D., and the Middle Region ICF/MR providers started reporting to D.I.D.D. in February 2010.

D Protection From Harm/Investigations

**Analysis:** 

**PFH Analysis: Investigations** 

#### **Chart: Monthly Rates: Investigations Opened/Substantiated**

During the month of February, 2016, 171 investigations were completed across the State. Sixty-eight (68) of these originated in the East Region, fifty-two (52) in the Middle Region, and fifty-one (51) in the West Region.

Statewide, investigations were opened at a rate of 1.91 investigations per 100 people served, which is a slight increase from the previous month. The East Region opened investigations at a rate of 2.07 investigations per 100 people served. The Middle Region opened investigations at a rate of 1.62 investigations per 100 people served. The West Region opened investigations at a rate of 2.08 per 100 people served. The West Region opened investigations at a higher rate this month. Previously the West Region has consistently opened investigations at a higher rate.

Seventy-seven (77), or 45%, of the 171 investigations opened statewide in February, 2016, were substantiated for abuse, neglect, or exploitation. This was a slight decrease compared to the prior reporting period, which was 46%. The West Region substantiated the lowest percentage of investigations 33% (17 substantiated investigations), compared to the 50% substantiated in the East Region (34 substantiated investigations) and the 50% substantiated in the Middle Region (26 substantiated investigations). The West Region had the lowest number of substantiated investigations in the previous reporting month, at 20.

These substantiations reflect that the statewide rate of substantiated investigations per 100 people served was 0.86 during February, 2016. The East Region substantiated investigations at the highest rate per 100 substantiating 1.04 investigations per 100 people served. The East Region showed a slight increase from 0.76 to 1.04. The Middle Region substantiated investigations at a rate of 0.81 per 100 people served in its region. The Middle region showed a slight decrease from 0.84 to 0.81. The West Region substantiated investigations at a rate of 0.69 per 100 people served in its region. The West Region showed a slight decrease from 0.82 to 0.69.

Analysis: Note- Statewide and Cumulative / Statewide data in the table above sometimes exceed or are just below 100% due to the numerical rounding functions during

Providers reviewed: East- Community Options, Douglas Cooperative, Greene County Skills, Scott Appalachian Industries; Middle- Cumberland Community Options, James Center, Joey's Yacht Club, Prospect, Support Solutions of the Mid-South; West- Clara Butler Nursing and Personal Care Services, Evergreen Presbyterian Ministries, Freedom Co-op.

Community Options, Inc.: The 2016 QA survey resulted in the agency receiving a score of 50. This places them in the Proficient range of performance.

Compared to their 2015 survey results, this is a 4-point increase in compliance (46-fair in 2015). This increase in compliance was specific to improvements observed in Domains 2 (PC-SC) and 10 (MC-SC). Also, it was noted that Domain 3 decreased from a SC to a PC in 2016.

#### The provider should focus efforts to ensure the following:

- Trends in medication variances are analyzed and prevention strategies are implemented based on findings.
- Reportable incidents are reviewed to determine trends and prevention/corrective strategies are developed and implemented based on findings.
- Information obtained from self-assessment activities are reviewed and utilized to develop and implement an internal quality improvement process to increase compliance.
- Staff have received appropriate training and, as needed, focused on additional training to meet the needs of the person.

## Our Home Place, Inc.: This was a consultative survey.

The provider should focus efforts to ensure the following:

- A process for reviewing and monitoring the implementation of the plan and progress toward desired goals is in place.
- Employees are screened to ensure that known abusers are not hired.
- A system/procedure to document complaints when they occur is developed.
- The comprehensive record contains current physician's orders.
- PRN orders include defined parameters.
- Documentation of certification for staff members administering medications is found in personnel records.
- The development of supports and mentoring for employment staff is promoted. Individuals are educated about employment opportunities available to them in their community.
- There are supports to promote opportunities for having meaningful day activities.
- Appropriate records relating to the person are maintained.

Scott Appalachian Industries, Inc.: The 2016 QA survey resulted in the agency receiving a score of 46. This places them in the Fair range of performance.
